VETERAN WAITLIST NOW OPEN

JULO CEO MINDSET™ FOR VETERANS

You built the business. Now learn to lead it.

An 8-week live class for veteran business owners who are tired of doing everything themselves. You work on your own company, next to up to 9 other veteran owners, and leave with a plan to grow it.

Is this you?

You are the whole org chart.

Sales, delivery, books, hiring. If you stop, the business stops, and you have not had a real day off in a while.

You are ready to grow, not just stay busy.

You want more revenue, a first hire or a bigger contract, and a plan for how to get there.

You miss having a team.

The service gave you structure and people who had your back. This class gives you a room full of owners who get it.
